

Hi Jason,

Thank you for reporting those events and your complaint against Marc-André.
The CoC committee has reviewed all the documents you have sent and read the chat logs.

The committee agrees that certain of Marc-André actions have been contrary to both the spirit and letter of the Code of Conduct. The issues reported and reports submitted in support of the complaint show a pattern of behavior that was intended to shut down opinions through belittling their holders and other forms of verbal bullying and harassment.

While the committee believes that Marc-André was sincerely acting in what he considered the best interests of the society, the committee has recommended certain changes be made in the way that Marc-André interacts with the board and community. At this time the committee is not recommending any removal from the Society, its events, or any positions held.

Best regards,
The Code of Conduct Committee
